

## Reading Partners mobilizes communities to provide students in under-resourced schools with the proven, individualized support they need to read at grade level by fourth grade.

To equip more of our students with grade-level reading skills, we have set higher standards for student achievement and now use STAR Reading and STAR Early Literacy assessments — widely used, standards based, nationally normed tools. With these assessments we can customize annual student performance targets and develop individualized student reading plans to more effectively support each student’s unique needs.

*“Reading Partners had a positive and statistically significant impact on all three measures of student reading proficiency examined...”*

## Reading Partners’ 2015-16 impact goals:
